Special event at the Mechanics' Institute!

Here's a brief word about a special event happening this Sunday, during the [A.J. Fink Amateur](#) at the [Mechanics' Institute](#). The **youngest chess author in the world, 14 year old FM Daniel Naroditsky**, will sign copies of his new book "*Mastering Positional Chess*" on **March 14, at 2pm**. You can buy a copy of the book for \$24 (*I think*) and Daniel will sign it. *By the way, great book!*

If you can't make it to San Francisco on Sunday, you can order the book from the links on Daniel's [new website!](#)
